Class #1: iPhone Basics

Are you a frustrated iPhone camera user? Do your pictures appear unbalanced, out-of-focus or too dark? Would you love to share your photos but don't know how? Take this class to discover the iPhone camera's basic settings, unique features, and little-known editing tools. This class will move you a long way forward by teaching you how to setup the camera app, take quality photos, apply edits, and share them with family and friends.

Prerequisite: Own an iPhone. Know your iTunes account password.

Date: Tuesday, April 2nd, 2019

Time: 6:00 pm to 7:30 pm

Limited to Twelve Participants

Fee: \$50.00, enroll for all three for \$125.00

Pay in advance. Nonrefundable within one week prior to class.

Class #2: iPhone The Creative Camera

Are you an iPhone camera user who wonders how other people get such bright, sharp and worthy-of-sharing photos? Do your pictures come out with unbalanced horizons and would be "just perfect" if they could be straightened? Would you like to be a little more artful with your shots? If you relate to any of these questions, this class is for you. It will teach you basic photo composition rules and how to use

“Snapseed” one of the best go-to professional photo editors on the market! Increase your iPhoneography skills and hear about other editing apps like Touch Retouch, PS Express and PicsArt. Your iPhoneography techniques are about to take off!

Prerequisites: Own an iPhone. Snapseed downloaded.

Tuesday, April 9th, 2019

Time: 6:00 pm to 7:30 pm

Limited to Twelve Participants

Fee: \$50.00, enroll for all three for \$125.00

Pay in advance. Nonrefundable within one week prior to class.

Class #3: Crazy about Instagram!

Have you been curious about Instagram? Do you enjoy sharing pictures from your smart phone or simply exploring the Internet to see others' interesting photos? Instagram is a photo sharing network with 800 million monthly users! Use it to take photos, edit them with crops, borders, brightness and contrast, or choose from a variety of fun and artsy effects to enhance your shots. Next, instantly share them with your Instagram followers and your Facebook account. Become Crazy about Instagram and see the world grow right before your very eyes!

Prerequisites: Own an iPhone. Have an iTunes/App store account and password

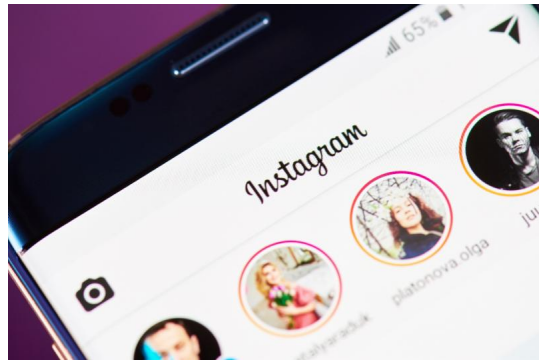

Tuesday, April 16th, 2019
