## Its History

**The Rocky Mountain Animal Artists Group** (RMAAG) was a brand new organization comprised of artists members from The Society of Animal Artists, who resided within the 7 Rocky mountain states of Arizona, New Mexico, Colorado, Utah, Wyoming, Idaho, and Montana. Founded in 2013, RMAAG members teamed up with The Wildlife Experience Museum in Parker (Denver), Colorado to produce the first annual show, entitled “The Wildlife Experience in Art”.

The Wildlife Experience Museum was a lovely large venue, and the opening reception was held as part of the “Wildlife Art and Wine” event through The Wildlife Experience. The 1<sup>st</sup> show went great, the art was amazing, and the show was well received by TWE supporters.
