Local artist included in Pittsburgh show

"Endless Dream" (above), depicting a farming road in Westmoreland County, and "Bridge to Grampian" a winter scene in Clearfield County, are works by Derry artist Richard S. McWherter that are included in "Archived: A Salon Exhibition of Past Works," running through Aug. 31 at Fein Art Gallery, 519 E. Ohio St., Pittsburgh. The juried exhibition focuses on works completed between 1972 and 2012 by members of the Associated Artists of Pittsburgh. McWherter explains his two entries in the show are "impressionistic photographs that were painted over in a computer using a technique that I developed to blend photography with painting to create a dream-like effect." Gallery hours are 9 a.m.-5 p.m. weekdays, 10 a.m.-4 p.m. Saturdays.
