

Barcelona Foto Biennale (The 6th Biennial of Fine Art and Documentary Photography) that was exhibited at the FotoNostrum Gallery in Barcelona Spain in January 2022, has been documented as a hardcover book. The show presented 967 works by 335 artists from 42 countries, including six works by American artist Richard S. McWherter from the USA. The book features select images from the exhibition, including his photograph "Holding Siege."

"Holding Siege" is an archival monochrome pigment photograph on cotton fiber paper by photographer Richard S. McWherter, from his award-winning "Reach" portfolio, a series of dramatically lit black and white photographs of nature scenes.
