“Lucy is a delight. I love her approach and choice of colors. I am glad she doesn’t get technical and follow the rules. I like her attitude and her video of the flower shop. I am not in the habit of painting a floral arrangement still life. She explained how to set up a still life, which I now do. I will take any class she might offer.”

“I loved EVERYTHING about this class! Lucy is a relaxed, unfussy instructor who makes you feel comfortable whether you’re a beginner or an experienced painter. Her course helped me have the confidence to start “drawing” with my paintbrush in a loose way and I’m continuing to use that new skill in my work. The course also exposed me to the use of fluid acrylics, which I probably never would’ve tried...and I LOVE how easy it is to build translucent layers on flowers using this paint. And I tried the softer brushes Lucy uses and love them. They make crisp, clean edges when you paint in the negative space around a floral arrangement. I even tried my hand at making my own floral arrangements to paint from after watching Lucy do it! I anxiously await more courses with her and will sign up immediately. My work is already improved because of what I learned from her, and HER work is incredibly inspiring. She makes painting seem like a breeze and her ease and calm demeanor got me to jump right in and follow along! I relaxed and had fun and painted faster and looser and really enjoyed it!”

“Loved the subject matter but most of all I REALLY enjoyed Lucy’s down-to-earth Alabama take on instruction. The tour of a flower warehouse and flower arranging instruction was a bonus. I learned a bunch! Would definitely consider another floral or would love to sign up for a landscape tutorial.”

“I loved this class! Lucy’s teaching style is uncomplicated and easy to follow. I am perhaps an intermediate level artist and I found the lessons really helpful, enjoyable and informative but they would suit painters at any level. It is great value too. I would like to see more classes from Lucy – More florals; Interesting backgrounds and Landscapes (maybe with flowers).I would certainly recommend this class. It’s a YES from me.”

“If you love Lucy’s fun colorful style of painting, then this class is a must! Lucy’s relaxed way of teaching makes you feel very comfortable and excited to start painting. She included a video of the flower mart that was extensive, showing you everything from a multitude of fresh flowers to what supplies professional florists use to make their beautiful arrangements. Lucy shows you how to arrange your own bouquet and paint it. This class had a wealth of information. When she offers another class I can’t wait to take it.”

"Fast and Loose Florals really helped me get back into painting by making it fun and carefree. I haven't painted in over 50 years and had forgotten most of what had learned so long ago. I learned so much about color and basic handling of the paint. So great for beginners, or those wanting to add more expressiveness to their work. Seeing the work of class participants was a huge plus. Thanks, Lucy!"

“This was exactly the class I needed to get out of my artistic rut. With Lucy’s guidance, I was able to see the big picture rather than all the fussy details and I just love that. I feel more confident now painting expressive florals and eventually, exhibiting my work in a community art show.”

“I enjoyed watching and learning Lucy’s style of painting. I typically watch the lesson(s) first then go back and try them- paint. Lucy made it look easy. I’ll see if it’s as easy as she made it seem when I try tomorrow. I had a 3 fluid acrylics and have never used them. I’m excited to try them now that I’ve seen them used. I’d take another class offered by Lucy. To me that’s the best compliment for a teacher”
